WELDERS - Receive rate prescribed for craft performing operation
to which welding is incidental.

Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29 CFR 5.5(a)(1)(v)).

In the listing above, the "SU" designation means that rates
listed under that identifier do not reflect collectively
bargained wage and fringe benefit rates. Other designations
indicate unions whose rates have been determined to be
prevailing.

- All rates quoted are F.O.B. Cashman Equipment premises.
- Delivery and return arrangements are available through Cashman Equipment at competitive fees.
- Rental rates do not include any sales or use taxes.
- Rental begins when the machine leaves Cashman Equipment's premises and ends when it returns.
- Rates quoted apply to an 8-hour day, 40-hour week and a 176-hour month. Additional hours accumulated are billed at the average hourly rate.
- All rentals are payable in advance; however, special payment arrangements can be negotiated. Rentals are due on the first day of each consecutive rental period.
- Rates are subject to change without notice.
- Equipment is subject to availability.

CUSTOMER RESPONSIBILITY

- The customer is required to carry adequate Physical Damage and Public Liability Insurance as approved by Cashman Equipment.
- The customer shall maintain the machine as specified in the lube and maintenance manual by performing the prescribed daily machine inspection routines.
- The customer shall replace all consumables, such as fuel, lubricants, filters and ground engaging tools (tips, cutting edges, etc.).
- The customer is required to repair or replace damaged parts of the machine, including bent sheet metal, fenders, handrails, catwalks, broken glass, tire damage (other than normal wear and tear), etc. If the repair or replacement is not performed, Cashman Equipment will do so at a reasonable charge for parts and labor.
- The customer is asked to return the machine reasonably clean. Cashman Equipment reserves the right to assess a clean-up fee for excessively dirty machines.
- The customer is expected to use the machine in a safe manner. Operators shall be qualified or trained in proper operating procedures. The customer must also ensure that the machine's safety features, such as back-up alarm, ROPS canopy or cab, etc., remain in proper operating condition during the rental period.
